I am protesting another rate increase by Utilities Inc. I fear this one will bring my water bill for us way over a \$100.00 and that will be just the the basic service. My wife and I have lived here for 31 years. I can honestly say I have never been happy with this company or its service. I have been overcharged many times and truly had to battle with them to correct these charges. My water tastes horrible, and has this sulfur smell to it. I have black deposits in my commodes and sometimes in the bath water. The system in Tega Cay's older section is still in need of so many repairs and updates. This company was granted a rate increase in 2010 and with that increase they said they would start to update and had benchmarks that were to be met set up by DHEC. They have again just put a band aid fix on these problems. We are in a predicament here. I am 69 years old and I have to work to keep our heads above water. I cannot afford the type of increase they are asking for. Please help us make this company do what is right by this area.

Sincerely

Tom Whitaker

Relief Requested: \* (This section must be completed. Attach additional information to this page if necessary.)

Deny their rate increase. Not just a portion, but all of it. If they can't handle the problems, then the city of Tega Cay should step in.
